

PROPERTY TAX APPEAL BOARD'S DECISION

APPELLANT: Jan Stypula  
DOCKET NO.: 06-20323.001-R-1  
PARCEL NO.: 23-11-203-003-0000

The parties of record before the Property Tax Appeal Board are Jan Stypula, the appellant, by attorney Rusty A. Payton of the Law Offices of Rusty A. Payton, P.C., Chicago, Illinois; and the Cook County Board of Review.

The subject property is a 27-year old, one-story style dwelling of frame and masonry construction containing 1,114 square feet of living area with a full, finished basement.

The appellant's appeal is based on unequal treatment in the assessment process. The appellant submitted for consideration four comparable properties described as one-story frame and masonry dwellings that are between 29 and 50 years old. On the appellant's map, the comparables are located approximately one-half to one mile from the subject property but have been assigned the same neighborhood code as the subject. The comparables contain from 1,061 to 1,325 square feet of living area and have improvement assessments ranging from \$9.33 to \$10.97 per square foot. The subject's improvement assessment is \$15.74 per square foot. Based on this evidence, the appellant requested a reduction in the subject's improvement assessment.

The board of review submitted its "Board of Review Notes on Appeal" wherein the subject's final assessment was disclosed. The board of review presented four comparable properties consisting of one-story frame and masonry dwellings that are between 33 and 39 years old. The comparables are located over one mile from the subject but have been assigned the same neighborhood code as the subject. The dwellings contain from 1,100 to 1,209 square feet of living area and have improvement assessments ranging from \$15.99 to \$16.68 per square foot. Based

Based on the facts and exhibits presented, the Property Tax Appeal Board hereby finds no change in the assessment of the property as established by the Cook County Board of Review is warranted. The correct assessed valuation of the property is:

LAND:	\$	4,857
IMPR.:	\$	17,534
TOTAL:	\$	22,391

Subject only to the State multiplier as applicable.

PTAB/BRW/Apr.08/06-20323

on this evidence, the board of review requested confirmation of the subject's assessment.

After reviewing the record and considering the evidence, the Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of this appeal. The Illinois Supreme Court has held that taxpayers who object to an assessment on the basis of lack of uniformity bear the burden of proving the disparity of assessment valuations by clear and convincing evidence. Kankakee County Board of Review v. Property Tax Appeal Board, 131 Ill.2d 1 (1989). After an analysis of the assessment data, the Board finds the appellant has not overcome this burden.

The Board finds the range established by the most similar comparables contained in this record is \$10.05 to \$16.68 per square foot of living area. The subject's improvement assessment of \$15.74 per square foot of living area falls within this range. One of the appellant's comparables and the comparables submitted by the board of review were the most similar to the subject in age, location, and physical characteristics. These comparables received the greatest weight in the Board's analysis. After considering adjustments and the differences in both parties' comparables when compared to the subject, the Board finds the subject's per square foot improvement assessment is supported and a reduction in the subject's assessment is not warranted.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code.
